San Antonio Isolated by Serious Flood

City Battles Swirling River Waters in Dark; Tornado Injures Many

(BY A. P. NIGHT WIRE.)
SAN ANTONIO (Tex.) Sept. 10.—U. H. Curry, reporter chief for the American Telephone and Telegraph Company, declared early today that the flood which struck the city late last night had covered the entire business district of the town with water, the depth of which could not be determined until daylight. The city is in total darkness, the power plant having been put out of commission soon after the water began to rise. No lives have been lost, so far as can be ascertained, Curry said.

SAN ANTONIO (Tex.) Sept. 10.—Swollen by heavy rains of the past two days, San Antonio River and Alamo Creek overflowed into the downtown business district of San Antonio today, spreading over an area of about twenty-four blocks and inundating ground floors of many of the prominent buildings of the city.

ST. PAUL (Minn.) Sept. 9.—William Grimes was found shot to death, and his sweetheart, Miss Lydia Stahlback of Fort Dodge, Iowa, was found in a dying condition with a bullet in her right temple, by a room-mate of Miss Stahlback's, in an apartment-house here tonight. The police believe Grimes shot the girl and then committed suicide.

Finia Manarced Body in River

SALESMAN KILLED; COMPANION MISSING; SUSPECT ARRESTED

(BY A. P. NIGHT WIRE.)
CHICAGO, Sept. 9.—One automobile man was found slain today, the body of another was being sought in the Desplaines River, and a 20-year-old youth to whom they had tried to sell a car was under arrest tonight in one of the most mysterious murders in Chicago police annals.

The body of Bernard J. Dougherty, former Harvard student and for several years a star salesman for the Packard Automobile Company, was found in the Desplaines River this morning.

A pair of handcuffs were attached to one wrist, a small rope was twisted about his throat and the head had been almost severed from the body. In addition, bruises about the head and shoulders seemed to indicate that he had been unmercifully beaten and kicked. His home was in St. Paul, Minn., and he was widely known as an amateur distance runner in that state.

STARTED FOR BANK.
Dougherty had been employed by the Packard Company for several years. Yesterday he undertook to deliver an automobile to H. W. Hurd, who said that he was buying it for his father. He asked to be driven to a bank so that he could obtain a certified check. Dougherty, accompanied by a driver, Carl Aumum, and followed by another car, which was to return him to the automobile after the transaction had been completed, started out with Hurd.

The two machines became separated and the second drove alone to the bank and waited. The driver finally became impatient and entered the bank to look for Dougherty. When he returned, he found the car tied to the steering wheel, telling him to return to the shop. It was signed with Dougherty's name. According to officials of the company, this note was not in Dougherty's handwriting.

REACH CHURCH HOME.
Neighbors told of seeing Church drive up to his home shortly afterwards in the car, accompanied by two men, presumed to have been Dougherty and Aumum. The three were said to have entered the house, which is a two-story apartment building, the lower floor being occupied by Church and his mother. No one could remember seeing the three.

High Hopes for Irish

Sinn Fein Reply is Delayed.

(BY CABLE-EXCLUSIVE DISPATCH.)
LONDON, Sept. 9.—Although the meeting of the Sinn Fein leaders in Dublin today was an informal meeting of a few ministers, rather than a cabinet meeting, the action taken there will go a long way toward deciding the final attitude of the republicans toward accepting the invitation to Inverness.

It is hardly likely, according to Dublin dispatches, that a reply will be dispatched. Premier Lloyd George before the last of next week. The prevailing opinion in London is that De Valera will accept. The Daily Express may want to submit the question to a plebiscite, but it is considered more than likely that a decision will virtually be reached before the republican parliament can assemble.

If De Valera were to send a letter to Lloyd George asking either a different place for the meeting or a change in the date, his request would be granted, it is said in authoritative quarters here.

ROYALTY'S UNBAY.
Belief among the British is that a feeling of uncertainty is developing among the northern loyalists. Their anxiety is due, it is said, to the fact that the latest communication from Lloyd George to De Valera contained no reference to Ulster. In his previous notes the British Premier had emphasized the condition that any settlement made include recognition by the Sinn Fein of the establishment of the northern parliaments, but now he has completely ignored that demand and the Orangemen are worried for fear he may have reneged on his promise.

All the Ulster newspapers call the Premier's letter vague and unsatisfactory, and of a sort to cause uneasiness among the loyalists. The newspapers of the south give the note an acceptance and insist that it is an offer that cannot be declined. The Irish as well as the British press praises Lloyd George for his moderation. His letter is described as a model of diplomatic correspondence. The papers are exceedingly keen to see the Premier have made a good impression in the heart of Sinn Fein, and it now seems as if he would be rewarded.

As the Inverness party would probably last into October, all hope that Premier Lloyd George will go to Washington in November as the British delegation to the international conference on the limitation of armaments and Pacific and Far Eastern questions has now been virtually abandoned.

MAY COME HERE.
The only possibility, viewed here, is that the Premier might regard the Irish situation as a serious enough toward settlement to justify his rushing across to America to sit in for a time in the discussion. He is exceedingly keen to go to the United States, but he does not feel that he dare take any risks until some agreement has been made with the Sinn Fein.

If De Valera and his associates accept the British cabinet on September 12 it is believed that after

Arbuckle and Lawyer Leave for Bay City

Accompanied by Attorney Frank Dominguez, Roscoe "Fatty" Arbuckle left for San Francisco at 2 o'clock this morning in connection with the death of Miss Virginia Ruppel, young motion picture actress, 209 North Wilton Place, this city, who died yesterday in a San Francisco hospital.

Early morning dispatches from San Francisco state that police investigation to determine just what took place at a party last Monday afternoon in the apartments of Mr. Arbuckle at the St. Francis Hotel, from where she was removed in an ascertained hysterical condition has been started. The police, according to the dispatches, have made public a sworn statement by one of the guests at the party, which shows a more serious plot on the affair.

Mr. Arbuckle's story of what happened will be found on Page 1, Part II.

Auto Overturns, Killing Wealthy Whittier Woman

BAKERFIELD, Sept. 9.—Mrs. Catherine Post, 50, a Whittier woman, was killed, and E. M. Wheatland, also prominent in the city, was slightly injured when the latter's heavy touring car in which they were riding to Fresno from Whittier, overturned on a sandy road near Bero, several miles north of Madera, at 10 o'clock tonight.

Members of the crew of a train which was passing at the time saw the big car overturned and rushed to the aid of Mrs. Post and Mr. Wheatland, who were pinned beneath the machine. Mrs. Post died while being brought to Bakerfield by Charlie Marston, who had stopped his car to assist the victims of the accident.

Mr. Wheatland stated later to Coroner Helm that he had left Whittier this morning at 11 o'clock with Mrs. Post and Mrs. Wheatland, and the men, after a conference with the warden tonight, announced that they had arrived at the scene of the accident at 10 o'clock. The car was overturned on a sandy road near Bero, several miles north of Madera, at 10 o'clock tonight.

The accident occurred as the car was starting up the grade out of the Sand Cut near Bero, and as to the cause of the accident, Mr. Wheatland, who was driving the machine, his vision became blurred by the lights of a train which was coming toward him from the north and of the city said a slight fall was noticed after midnight.

Hacked Body of Woman Found; Husband Sought

SACRAMENTO, Sept. 9.—Hacked and cut almost beyond recognition, the body of Mrs. Joseph Catalano, 31 years old, was found wrapped in clothing in a trunk in her home at Roosevelt late this afternoon. Tonight Sheriff Gum of Placer county is searching for her husband, Joseph Catalano, who is suspected of the crime. Gum announced, Catalano was last seen at 3:45 o'clock this afternoon leaving a Roosevelt - Sacramento automobile car for the State.

Neighbors of the family at Roosevelt told Sheriff Gum that they saw him arrive home at noon from which he expressed the hope that he was employed, and they heard violent quarreling in progress for a period of two hours. At 5 o'clock they saw Catalano and his four daughters leave their home at Roosevelt, and he was seen to enter the house and appear and they called the Sheriff. After a search of the house they found the woman's body in a trunk. She had been murdered with a knife. No motive for the crime is known by the police.

FREEZING WEATHER, SNOW IN MONTANA

HELENA (Mont.) Sept. 9.—With rain or snow in many parts of the State and unusually low temperatures, Montana is having the first autumnal storm of the year. Colder tonight with the mercury near freezing is the Weather Bureau's forecast for the State.

Helena, with .48 of an inch of precipitation and a minimum temperature of 44 degrees, was a wettest and coldest place in Montana, the Weather Bureau reports.

WARN OF RANCH RAID BY BANDITS

Mexicans Plan to Kill Two Americans, Says Letter to Police Chief.

(BY A. P. NIGHT WIRE.)
EL PASO (Ariz.) Sept. 9.—A letter purporting to be a warning of the intention of Mexican bandits to raid five ranches on the Arizona-Mexico border east of Douglas was received today by Chief of Police Bowden. The letter, written in Spanish, was dated and had been mailed in Douglas yesterday. Sheriff Joe Hood and Bowden are investigating.

The letter stated, "We are going to kill Bowden and Hood," the letter concluded. "It is best that you should all go to the mountains to prevent murder at this moment."

Joe Fisher, foreman of the Bowden ranch, was murdered by Mexicans on the night of May 4, last. Two Mexicans, Jose Garcia, two Mexican employees on the ranch, were last week convicted of the murder of Mr. Fisher and sentenced to life imprisonment in the State prison at Florence. The other ranches mentioned in the letter are adjacent to the Bowden ranch.

METHODISTS HOPE FOR IRISH PEACE

LONDON, Sept. 9.—The world's conference of Methodists today declared that the British government should accept the conference's proposal that complete negotiations between the British government and the Irish Republic be held for a solution of the Irish question.

The conference reports almost unanimously that the British government should accept the proposal. All the speakers emphasized the need of Methodist unity. Bishop D. D. Williams of the Methodist Church, South, said that all branches of the church were solidly united on all vital matters and divided only on the question of administration.

MINE FIELD IS CLEARED

Helgoland Bight Now Safe For Vessels; Germans Have Successfully Finished Big Task.

(BY CABLE-EXCLUSIVE DISPATCH.)
LONDON, Sept. 9.—The British Admiralty today announced that Germany has successfully finished the task of clearing the Helgoland Bight of mines. This marks a definite stage in the restoration of normalcy, since the entire North Sea is now made clear of mined mines.

The waters around the British Isles are now entirely cleared, the Mediterranean is practically cleared and only three small areas along the Albanian coast remain and they should be cleared this year. Four small areas remain in the Arctic, and German mine-sweeping flotillas are working there, though it is likely that the ice of the last four winters has cleared the mines. There are mines still in certain parts of the Baltic Sea, and the clearing there is progressing.

POSSE GETS MURDERER OF MARSHAL

Slayer Soon Pays Penalty; Alaska Officer Was Noted for His Bravery.

(BY A. P. NIGHT WIRE.)
FAIRBANKS (Alaska) Sept. 9.—Deputy United States Marshal J. L. Anders was shot and killed yesterday by Sam Cote, a Hot Springs farmer, and Cote later in the day was slain by a posse of eight Hot Springs men, according to information received here today.

The deputy marshal had gone to serve a warrant on Cote. Reports here said Cote met the officer with a rifle and fired. Anders left here intending to take his prisoner with bare hands—a habit of Anders whose bravery on many occasions had enhanced his popularity in this section of Alaska.

The advices from Hot Springs did not say whether Cote was shot or whether the posse or whether he was lynched. "Posse got Cote—no flowers," stated one laconic telegram.

REMARKABLE RECORD

Successful mine sweepings have been carried out under the auspices of the international mine clearance committee, which comprises three countries are represented.

The report shows that not one mine was struck by a mined mine, while obeying the committee's instructions. Considering the vast tonnage of mines and the enormous miles covered it is remarkable that there have been so few accidents and wherever these have occurred it has been proved in all cases that they resulted because the committee's instructions were disregarded.

CASH SAVED BY WOMAN'S WIT.
With Robber's Pistol at Head, Quickly Hides \$5000 in Lap.

WINDSOR (Ont.) Sept. 9.—George Allen is \$5000 richer today because Mrs. Allen had the nerve to perform a feat of legerdemain with a bandit's pistol pressed against her head.

Knocking before a safe in her home at the robber's command, Mrs. Allen opened the safe and swept \$5000 into her lap. Then she handed the robber \$500 with which he escaped in an automobile.

ALCOHOL WEAKENS WILL.
Wine and women have, however, always been associated. Alcohol has had much to do with the moral degeneration of women and crime.

Word from Washington today says that Gen. Bandholtz has been relieved, to take effect September 12, and there is an intimation that the Federal troops will be withdrawn, or at least that is the impression here.

There is a general agreement that the cause of the trouble in the West is the liquor traffic. The feeling that exists with 'peace restored' is, if anything, more bitter than before.

Each side calls the other names. To the union sympathizers these opponents are 'armies' and 'gangs' by nonunion operators; to those on the other side the union miners are 'rednecks'.

Gov. Morgan, in an interview today, stated most forcefully that when trouble next occurred the State would be prepared to meet it. He urged that severe punishment be inflicted on the leaders of last week's insurrection.

What has occurred in this State recently, said the Governor, 'is disgraceful and personally I feel the humiliation of having had to call upon the Federal government to call the State authorities in maintaining law and order in this commonwealth.'

The Governor also spoke in behalf of the \$10,000,000 bond issue for aid in co-service mine.

HERE'S A STORY WITH A MORAL.
Better Leave Model or Pet Terrier at Home While Yachting.

NEW YORK, Sept. 9.—Miss Alice Bloom, a model, wore a \$125 wig when her bobbed hair began to fall out. She was a guest on a yachting trip up the Hudson, and her host's pet terrier chewed up the wig when she took it off in her cabin. Result, a suit in the Municipal Court. Miss Bloom compromised for \$50.

SITUATION, SO FAR AS WHEAT AND COTTON ARE CONCERNED, IMPROVES.
WASHINGTON, Sept. 9.—Informal reports which have come to the White House concerning the situation in the West are somewhat more reassuring. It was said today, The belief was expressed that there were evidences of a marked change for the better.

Plans for the relief of the railroads and for giving assistance in other ways to reduce unemployment were discussed at the Cabinet meeting held by other officials. It is quite probable that the administration may before many days offer some of the bonds and car trust certificates of the railroads now held by the government to the incoming public after the war.

THE PRESIDENT'S DELEGATION TO THE CONFERENCE ON THE LIMITATION OF ARMAMENT, WHICH WAS ANNOUNCED SEVERAL WEEKS AGO, TODAY HE FORMALLY ADDED THE NAMES OF MR. ROOT AND SENATOR UNDERWOOD TO THE LIST, EXPLAINING AT THE SAME TIME THAT THE MAIN DELEGATION WILL CONSIST OF FOUR MEMBERS.

THE PRESIDENT WILL NOT BE A MEMBER OF THE DELEGATION, AS WAS MR. WILSON TO THE PEACE DELEGATION AT PARIS, THE PRESIDENT SAID TODAY. MR. WILSON'S COURSE IN THAT PARTICULAR, BELIEVING THAT THE PRESIDENT SACRIFICES THE POWER AND ADVANTAGE OF A DETACHED POSITION WHEN HE BECOMES ONE OF THE ACTUAL NEGOTIATORS.

MR. HARDING WILL OPEN THE CONFERENCE AND THEN RETIRE TO HIS BACKGROUND. IN ACCORD WITH THE CUSTOM WHICH CONFERS THE HONOR UPON THE HEAD OF THE HOME DEPARTMENT, MR. HUGHES WILL PRESIDE OVER THE DELIBERATIONS OF THE CONFERENCE.

THE CHAIRMAN OF THE FOREIGN RELATIONS COMMITTEE, MR. LODGE, WAS A LOGICAL SELECTION BECAUSE OF THESE REASONS: HE WAS THE NAMED MEMBER OF MR. UNDERWOOD'S DELEGATION, MR. LODGE ALSO IS THE CHAIRMAN OF THE SENATE COMMITTEE ON THE LIMITATION OF ARMAMENT, AND HE IS A NATURAL ASSUMPTION THAT AN INTERNATIONAL AGREEMENT REQUIRING RATIFICATION BY THE SENATE, WHICH EMANATES FROM THE WASHINGTON CONFERENCE, WILL COME UNDER THE APPROVAL OF SENATOR LODGE AND UNDERWOOD, WILL COMMAND THE SUPPORT OF THIS REQUEST TWO-THIRDS OF THE SENATE.

IN CHOOSING A DELEGATE OUTSIDE OF THE ADMINISTRATION AND CONGRESS, THE PRESIDENT NATURALLY TURNED TO MR. ROOT, UNDOUBTEDLY THE FOREMOST AMERICAN DIPLOMAT AND INTERNATIONAL JURIST. THE REPUBLICAN PARTY RECONCILIABLES HOPED THE PRESIDENT WOULD APPOINT SENATOR KNOX, A FORMER SECRETARY OF STATE, TO THE DELEGATION, BUT THE PRESIDENT IS BELIEVED TO HAVE BEEN INFLUENCED BY THE DESIRE TO RECOGNIZE THE SENATE WITHOUT RECOGNIZING INTERNAL FACTIONS.

THE OTHER NATIONS WHICH ARE TO PARTICIPATE IN THE CONFERENCE HAVE AGREED WITH THE UNITED STATES TO LIMIT THE NUMBER OF DIRECT NEGOTIATORS IN EACH CASE TO FOUR. THE UNITED STATES AND EACH OF THE OTHER POWERS, HOWEVER, WILL HAVE AN ADVISORY GROUP OF ABOUT TWELVE MEMBERS. THE AMERICAN ADVISORY GROUP WILL INCLUDE REPRESENTATIVES OF THE ARMY, NAVY, LABOR, WOMEN AND OTHER INTERESTS.

THE AMERICAN DELEGATION IS TO BEG IN CONFERENCES AT AN EARLY DATE ON THE PEACE OF THE CONFERENCE, AND MORE IMMEDIATELY IN CONNECTION WITH THE SHAPING OF THE AGENDA, WHICH JAPAN DESIRES LIMITED IN SCOPE. 'IT IS UNDERSTOOD,' SAID A HIGH ADMINISTRATION OFFICIAL, 'THAT THE UNITED STATES IS GOING INTO THIS CONFERENCE WITH THOROUGHLY UNSELFISH AIMS.'

'OUR WHOLE PURPOSE IS TO TAKE HOLD OF THE CRYSTALLINE PUBLIC OPINION OF THE WORLD ON THE REDUCTION OF ARMAMENT AND TURN IT INTO THE CHANNELS WHERE IT WILL DO THE MOST GOOD.'

NEW MARINE PACT MADE WITH BRITISH.
WASHINGTON, Sept. 9.—The International Mercantile Marine through its president, P. A. S. Franklin, today submitted to the Shipping Board a new agreement entered into with the British government supplementary to the 1920 agreement which bound the corporation to pursue no policy injurious to the interests of the British Mercantile Marine or of British trade.

THE NEW AGREEMENT PROVIDES THAT VESSELS OPERATED BY THE INTERNATIONAL MARITIME MARINE SHALL NOT BE REGARDED AS AFFECTED BY THE ORIGINAL AGREEMENT. THE AGREEMENT WAS PRESENTED IN COMPLIANCE WITH A REQUEST MADE LAST MARCH BY THE BOARD WHICH CONDUCTS AN EXTENSIVE INQUIRY AFTER SENATOR JONES OF WASHINGTON, IN AN ADDRESS BEFORE THE NATIONAL MERCHANT MARINE ASSOCIATION, DIRECTED ATTENTION TO THE CORPORATION'S CONTRACT.

Harding to Open Conference, Then Step Out.
Direct Negotiators Limited to but Four.

BY ARTHUR SEARS HENNING.
WASHINGTON, Sept. 9.—President Harding announced this afternoon the complete membership of the American delegation in the forthcoming international conference on the limitation of armament, in connection with which the Pacific and Far East questions will be considered.

The announcement, which was made by the President when he met the newspaper correspondents after the Cabinet meeting, confirmed completely the forecast this morning of the editorial column of the delegation. Here is the delegation as announced by the President:

Charles Hughes, Secretary of State, Republican.
Henry Cabot Lodge, Senator from Massachusetts and Chairman of the Senate Committee on Foreign Relations, Republican.

Elihu Root, former Secretary of State and Senator from New York, Republican.
Oscar W. Underwood, Senator from Alabama and Democratic leader in the Senate.

The selection of Secretary Hughes as the American representative was announced several weeks ago. Today he formally added the names of Mr. Root and Senator Underwood to the list, explaining at the same time that the main delegation will consist of four members.

THE PRESIDENT WILL NOT BE A MEMBER OF THE DELEGATION, AS WAS MR. WILSON TO THE PEACE DELEGATION AT PARIS, THE PRESIDENT SAID TODAY. MR. WILSON'S COURSE IN THAT PARTICULAR, BELIEVING THAT THE PRESIDENT SACRIFICES THE POWER AND ADVANTAGE OF A DETACHED POSITION WHEN HE BECOMES ONE OF THE ACTUAL NEGOTIATORS.

MR. HARDING WILL OPEN THE CONFERENCE AND THEN RETIRE TO HIS BACKGROUND. IN ACCORD WITH THE CUSTOM WHICH CONFERS THE HONOR UPON THE HEAD OF THE HOME DEPARTMENT, MR. HUGHES WILL PRESIDE OVER THE DELIBERATIONS OF THE CONFERENCE.

THE CHAIRMAN OF THE FOREIGN RELATIONS COMMITTEE, MR. LODGE, WAS A LOGICAL SELECTION BECAUSE OF THESE REASONS: HE WAS THE NAMED MEMBER OF MR. UNDERWOOD'S DELEGATION, MR. LODGE ALSO IS THE CHAIRMAN OF THE SENATE COMMITTEE ON THE LIMITATION OF ARMAMENT, AND HE IS A NATURAL ASSUMPTION THAT AN INTERNATIONAL AGREEMENT REQUIRING RATIFICATION BY THE SENATE, WHICH EMANATES FROM THE WASHINGTON CONFERENCE, WILL COME UNDER THE APPROVAL OF SENATOR LODGE AND UNDERWOOD, WILL COMMAND THE SUPPORT OF THIS REQUEST TWO-THIRDS OF THE SENATE.

IN CHOOSING A DELEGATE OUTSIDE OF THE ADMINISTRATION AND CONGRESS, THE PRESIDENT NATURALLY TURNED TO MR. ROOT, UNDOUBTEDLY THE FOREMOST AMERICAN DIPLOMAT AND INTERNATIONAL JURIST. THE REPUBLICAN PARTY RECONCILIABLES HOPED THE PRESIDENT WOULD APPOINT SENATOR KNOX, A FORMER SECRETARY OF STATE, TO THE DELEGATION, BUT THE PRESIDENT IS BELIEVED TO HAVE BEEN INFLUENCED BY THE DESIRE TO RECOGNIZE THE SENATE WITHOUT RECOGNIZING INTERNAL FACTIONS.

THE OTHER NATIONS WHICH ARE TO PARTICIPATE IN THE CONFERENCE HAVE AGREED WITH THE UNITED STATES TO LIMIT THE NUMBER OF DIRECT NEGOTIATORS IN EACH CASE TO FOUR. THE UNITED STATES AND EACH OF THE OTHER POWERS, HOWEVER, WILL HAVE AN ADVISORY GROUP OF ABOUT TWELVE MEMBERS. THE AMERICAN ADVISORY GROUP WILL INCLUDE REPRESENTATIVES OF THE ARMY, NAVY, LABOR, WOMEN AND OTHER INTERESTS.

THE AMERICAN DELEGATION IS TO BEG IN CONFERENCES AT AN EARLY DATE ON THE PEACE OF THE CONFERENCE, AND MORE IMMEDIATELY IN CONNECTION WITH THE SHAPING OF THE AGENDA, WHICH JAPAN DESIRES LIMITED IN SCOPE. 'IT IS UNDERSTOOD,' SAID A HIGH ADMINISTRATION OFFICIAL, 'THAT THE UNITED STATES IS GOING INTO THIS CONFERENCE WITH THOROUGHLY UNSELFISH AIMS.'

'OUR WHOLE PURPOSE IS TO TAKE HOLD OF THE CRYSTALLINE PUBLIC OPINION OF THE WORLD ON THE REDUCTION OF ARMAMENT AND TURN IT INTO THE CHANNELS WHERE IT WILL DO THE MOST GOOD.'

He says that I feel twenty-five years younger, twenty-five years happier and twenty-five years wiser. I express what Taniec has said for me better than any other person I've met," said George D. Williams of the Civil War, 1860-1865, 121 Walnut Street, Highland, Mass.

"I am now twenty-eight years old and I don't hesitate to say I have never known a medicine to equal this. For fifteen years I was subjected to all kinds of indignities that I can't tell you about. I have been in bed at times I would not get up for a week or two. I have lived on bread and butter and I have been so weak that I could do nothing else agreed to."

"I tried on Taniec I gained only one hundred and seven pounds and my days were

thought to be numbered. I've been so wonderfully built up, I now weigh one hundred and forty-three pounds and my stomach is as sound as a bell. I don't think I could eat any of the old army rations again without it hurting me in the least.

"I never miss a chance of saying a good word for Tanlac and I would like to thank the boys of the army who are not feeling right to give it a trial, for I am sure it would put them in line again just as it has me. For a man of my age to have no physical ailment, to be well and strong and enjoy life as he did twenty-five years ago, is certainly something to be thankful for and there is nothing too good for me to say for Tanlac."

DRUGGISTS CUT SIZE OF JOLTS.

Will Sell Only Half Pint of Boozes on Prescription.

Await Decision on Volstead and Gandier Laws.

Ailing Must Struggle Along on Smaller Rations.

Until the disagreement between the laws of Mexico, Volstead and Gandier is settled by the tribunals of Los Angeles, druggists—down-towners, neighborhood and suburban—will give only a half pint of whiskey at a time to ailing humanity.

This announcement was made yesterday by C. W. Jones of the Los Angeles and Southern California Retail Druggists' Association.

The importance of this to the invalid public is that while a half pint will cost half as much as a pint the physician's prescription for it will cost the same, unless the doctor should do the unexpected. The doctor may not give two prescriptions at the same time to the same person, and is limited to 100 in three months.

The test will come with the presentation of two West Washington-street druggists, F. Harrow and M. W. Hizon. Each sold a full pint of whiskey upon the presentation of one prescription for each pint. This act did not violate the Volstead Law, but it was contrary to the Gandier Ordinance. Los Angeles' own dry-as-dust law. The druggists' association is standing back of them. But until the case is heard the druggists have decided, on advice of their counsel, Ray Hume, to comply with the Gandier Ordinance and sell only a half pint at a time regardless of the critical condition of the patient.

FALL INJURES TOT.

Five-Year-Old Plunges from Window While Waving at Children.

Falling five feet from a window to the ground, Angelo Garcia, 5 years of age, of 801 1/2 East Ninth street, was perhaps fatally injured late yesterday afternoon. At the Receiving Hospital the child was treated for concussion of the brain and a possible fracture of the skull. He was removed to the County Hospital.

According to police investigators, the little boy was playing near the window and fell out while waving to some passing children.

DENTAL ENGINE DEAL CAUSE OF TWO SUITS.

Two suits were on file yesterday as the result of competition over the sale of dental engines to the University of Southern California. F. H. Furnival, plaintiff in both actions, directed one suit against the university for \$11,000, asserting that he made arrangements for the sale, which was not carried out. D. F. Huber, S. V. Dunn and L. E. Ford were sued for \$10,000 damages as an outgrowth of the purported sale.

SOUTHLAND AD REACHES PORTO RICO.

Man Reads of Delights Here and Writes That He Plans to Visit Coast.

The All-Year Club's advertising of Southern California resulted yesterday in a response from an inquirer in Porto Rico, who stated that he is planning to spend a vacation here shortly. His home is in Barcelona, Porto Rico, and the coupon he forwarded showed that he had read of Southern California in one of the southern newspapers which carried the all-year advertising.

This evidence of the pulling power of the all-year advertising was accepted by the executive committee as a certain indication of the way in which the campaign is bringing large results. Although the advertisements ended more than two weeks ago, inquiries still continue to come in. These are now reaching a total of 1541, all of them from persons who announced their intention of coming to the Southland as a result of the All-Year Club's work.

Five new subscribers to the club's advertising fund were received from the Los Angeles Creamery Company, the H. & M. Cafeteria, the Angulus Furniture Manufacturing Company, the Burr Creamery and the Typewriter Company.

Espee Reports Heavy Traffic Into the State.

Making public one of the most optimistic reports in the history of railroading in this State, the Southern Pacific announced yesterday that during the year 471,593 persons were carried into California in its trains. General Passenger Agent McGinnis stated that this figure is far in excess of the total carried by other roads operating in the West.

PICNIC FOR VETERANS.

Former Foreign Wars Soldiers Will Gather at Wilmar Tomorrow.

A Veterans of Foreign Wars picnic will be held tomorrow in Garvey Grove, Wilmar. All ex-service men are invited. A dual between two members, one French-born and the other American, and a wedding of a post member are promised. The picnic will be given by Richard Louis Post, No. 747, of Wilmar, for James B. Gresham Post, No. 8, and its auxiliary. The Sawelle, Redondo Beach and Sherman posts also will participate. There will be many cash prizes for athletic events.

NOW is the time to BUY or BUILD Your Home!

We said it—You did it!

For some little time we've been urging you people of Los Angeles to "DO IT NOW"—we've given you facts and figures—shown you that there is nothing to be gained by waiting—pointed out the fact that the big business interests—the natural building-pioneers in any community—are going through with enormous building programs.

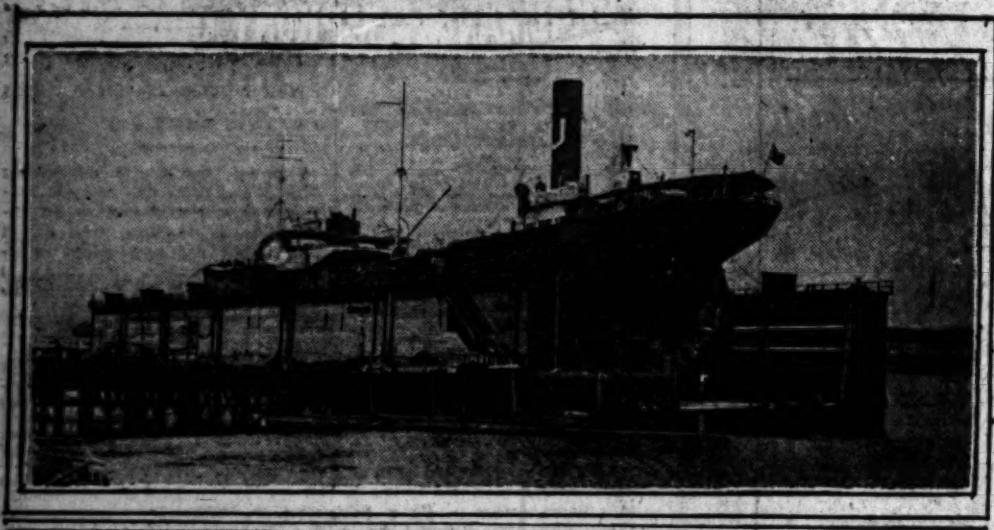

The response to this appeal has been wonderful—scores of potential home owners have "seen the light" and have bought or started building homes of their own.

We feel that our efforts to stimulate home-owning in Los Angeles have been successful—we're glad to have been instrumental in contributing to the future welfare of this metropolis of the West.

Tanker Twice Torpedoed While Transporting Fuel Oil to British Vessels.

Lompoc Now Undergoing Repairs at Los Angeles Harbor.

THE Lompoc, a battle-scarred veteran of the great war, is now raised on the huge dry dock of the Los Angeles Shipbuilding and Dry Dock Company for thorough cleaning and painting of her hull and to have the last of evidence of her war service removed.

The Lompoc, owned by C. T. Bowring Company, Ltd., of Liverpool and under long-time charter to the Union Oil Company, is a 10,000-ton tanker, steadily engaged in transporting oil between the United States and South American ports. During the early days of the war the Lompoc was commissioned to carry fuel oil to that part of the British fleet stationed at Rosyth, Scotland, and in this service was constantly traveling through submarine-infested waters. She was twice torpedoed by German submarines, which no one aboard saw. The first time loaded and en route from Texas to Rosyth, she was hit amidships by a torpedo just between her tanks number 1 and 2. The explosion let out all the oil in these tanks, but it was replaced by sea water and the ship did not even list. She continued on her way to Rosyth, with a loss of only the oil from two tanks.

TANKER TORPEDOED.

At Rosyth she was dry docked and repaired. When she was completed she left the Tyne for an American port to get another load of oil for the British ships and at 11 a.m., when but one and one-half miles out from shore, she was struck again by a torpedo, this time on her starboard counter. Her rudder, propeller and portion of her counter were carried away, her engine room flooded and the quarters of her engine crew wrecked. The engine crew escaped, but one sailor on deck was killed.

Tugs and destroyers immediately came out from the Tyne, the former to take the damaged ship in tow

to the shipyard which she had just left and the destroyers to search for the submarine, which they located and sank shortly afterward.

Capt. J. A. Prosser, Chief Engineer, W. D. Russell, Chief Officer, O. Roberts and L. G. Prowse, young son of the captain, who were with her during her particularly exciting experiences are among those still in charge of the ship. It is their assertion that, light or loaded, tankers are the safest ships in war times.

It being practically impossible to sink them unless their forward hold and engine room are flooded, thus robbing them of these two elements of buoyancy.

Freighters and tankers, during war service, were equipped with a species of false bow, serving as a vicious ram in the event of their masters being sufficiently fortunate to come to close quarters with a German submarine and also serving as the center from which the paravane or other was towed for the purpose of engaging and cutting the moorings of mines. The master of the Lompoc availed himself of the present visit to dry dock to have the false bow, the last evidence of war service, removed.

Higher Mathematics.

The teacher had been explaining fractions to her class. When she had discussed the subject at length, wishing to see how much light had been shed, she inquired: "Now, Bobby, which would you rather have, one apple or two halves?"

The little chap promptly replied: "Two halves." "Oh, Bobby," exclaimed the young woman, a little disappointedly, "why would you prefer two halves?" "Because, then I could see if it was bad inside."—[Queenslander.]

VERY TRYING JOB.

Exacting Duties Demanded of King's Cook in Africa.

The position of cook for the King is not as alluring as one would suppose, especially if the kingdom happens to be located in East Africa, according to the Rev. John Roscoe, who recently completed a tour of investigation in East Africa on behalf of the British government and the Royal Society. In a lecture quoted in the London Mail Mr. Roscoe amused his hearers in describing the duties of the royal servants at Bunyoro, one of the places he visited.

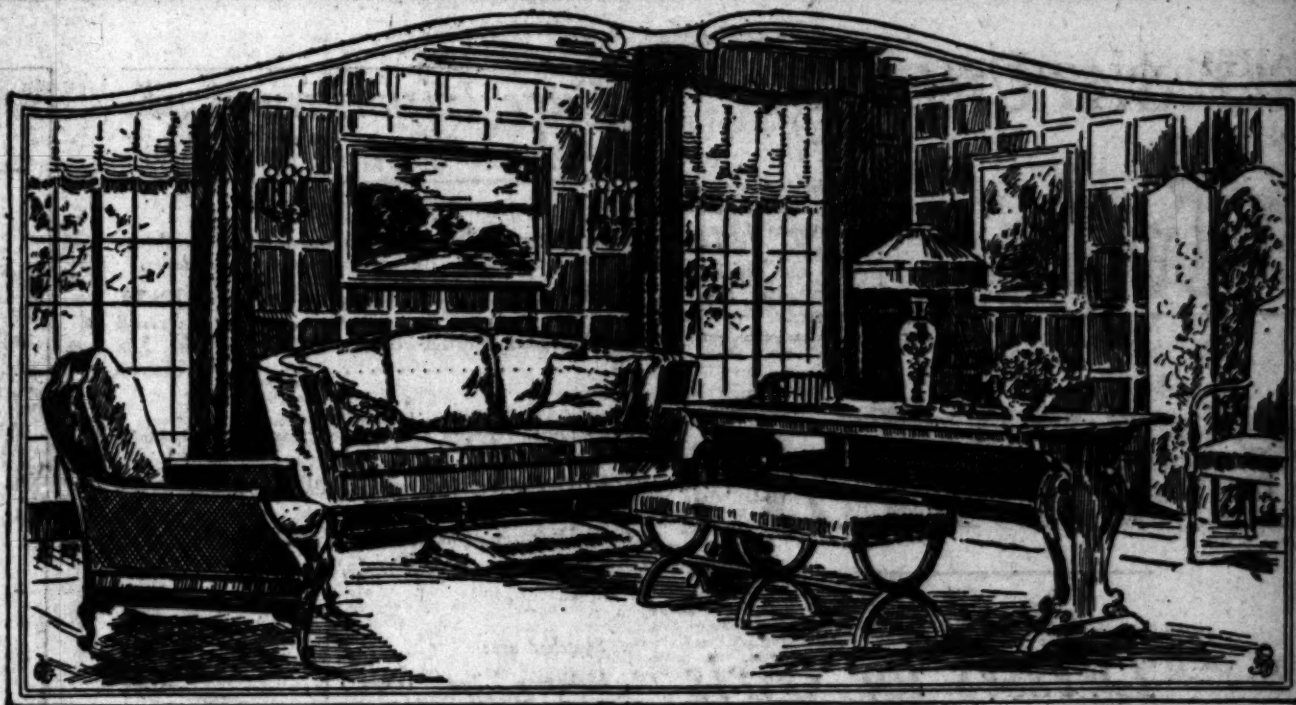

"The King's chief cook has a very trying job," said Mr. Roscoe. "The custom is that every morning he brings to the King a pot of specially prepared meat, with which he must walk all around the royal inclosure. With his face whitened, he enters the presence and in a dead silence throughout the court, which may not be broken by coughing or sneezing on pain of instant death, the chief cook puts a piece of meat at the end of a fork into the King's mouth."

"These servants find the ordeal so trying," added Mr. Roscoe, "that they can only carry it out for a few days, after which they are sent away for a six weeks' holiday. That is all the meat the King is supposed to have in a day, and for the rest he lives on milk."

TWO VIEWPOINTS

"It has been an awful jaxx to the old bean," writes a contestant in language which the Puzzle Manager passes on without attempt at elucidation. "Anyhow I'm ahead a dictionary. The old girl was out in the shed covered with mildew. I scraped off the cobwebs, and say, boy, she could take the alphabet on two wheels. I want to say, mister, when you can get a bird like me to sit with his nose at a puzzle you've got a humdinger."

"I think you should lay more stress on the educational value of your contest," suggests an ex-school teacher. "The prizes are tempting and well worth the effort, but your puzzle is chiefly commendable for the mental exercise it affords. The average person who takes part in it will find his brain in better working order than when he started. This is the phase of the matter I think you should emphasize."

For the Benefit of Tourist and Newcomers Who Have Recently Arrived the Observation Puzzle Is Explained Again

The purpose is to find the most visible objects in the puzzle picture, the names of which begin with B.

For the answers having the nearest correct lists of such words, the Los Angeles Times will pay

\$3,378 IN CASH

Answers will be divided into four classes as described below, and in each class 15 cash awards will be made.

Class "A" is open to everyone without restrictions of any kind. Merely send in your list of words with your name and address on top. No subscription need be sent to THE TIMES, nor is it necessary for the participant to be a TIMES subscriber.

Classes "B" "C" and "D" are open to those who send a new or old subscription for 3 months, 6 months or a year; in all cases payment to be made in advance. (Present subscribers who are paid in advance may extend their subscriptions.)

How many visible objects can you find in the picture, the names of which begin with B?

A contestant who enters in one class may change his list to a higher class by making the proper subscription adjustment.

OUT-OF-TOWN SUBSCRIPTIONS

should be brought or mailed directly to THE TIMES' main office or Los Angeles branch office. This is to avoid any chance of error in crediting contestants. In such cases the TIMES' local agents receive the same credit as though the money were paid to them and make deliveries of the paper in the regular way.

RULES OF CONTEST

- (1) Any man, woman or child who is not connected with the Los Angeles Times in any capacity, or who is not a member of an employee's family, may compete.
- (2) All answers will be divided into four classes, each class will be judged independently. There will be fifteen prizes in each class. While anyone may compete in more than one class, or may submit more than one list of names, not more than one prize will be awarded to any individual.
- (3) Contest closes Sept. 30, 1921, at 4 p.m. All answers must be deposited in the Times main office or Los Angeles branch office, or bear a postmark not later than that hour.

How Jobs For the Jobless May Be Found

That Satan will find work for the idle hands to do if we fail to anticipate him in this line of endeavor, seems to put into a nutshell the compelling reason for the unemployment conference called by the President of the United States. Destitution, distress, bread-lines, and soup kitchens in our larger cities, and a material increase in crime throughout the country are predicted for the coming winter in dozens of newspaper editorials because of the almost unprecedented unemployment situation which the country now faces. "Industrial controversy, resulting in stoppage of production" is advanced by the St. Paul Dispatch for the present unemployment condition: "A debt-ridden and mutilated world, which has decreased its buying, thus curtailing production," is responsible in the opinion of the Norfolk Virginian Pilot. "The high price of steel, which hampers building operations, high freight rates, high wages, and high cost of material, which keeps up the buyers' strike" are some of the reasons given for unemployment by the Houston Post, while the Buffalo Express believes the situation was caused by the "orgy of Government spending."

Whether President Harding can bring about an agreement between capital and labor to co-operate in fighting the causes of depression, the country shall soon know, for Secretary Hoover already has drawn the plans for the conference. This conference, in the opinion of the Philadelphia Public Ledger, "is likely to spur Congress into action." While the Socialist New York Call says that the present situation "indicates clearly enough the damnable incapacity for leadership on the part of the rulers of this country who run away to the seashore and the mountains when a real problem is put up to them," the New York Evening Post points out that it is not the custom to heed a "serious social emergency" until the cry of the hungry actually is heard.

All angles of this most pressing problem which confronts the country are treated in the leading article in THE LITERARY DIGEST for September 10th.
